Non-Profit No. 000 424

7 April 2021

Dear Families of JCC

### **Update April 2021**

I hope everyone is well and safe.

We are maintaining our levels of vigilance around the prevention of the threat of Covid. We continue to screen daily and wearing of masks is enforced by staff and fellow students.

On the transport we expect passengers to sanitize on entry. We also have many sanitizing stations around the workshop. We do allow students who need to, to go to Valyland to purchase their lunches. However, we discourage any movement away from the premises into public places.

I request parents to assist us by keeping students at home if they are unwell, have a fever or a cough. I do understand hay fever is rife now, but do ask that if there are symptoms, to please stay at home. I also ask that if there has been a contact with a suspected Covid case, that the student remain at home for the quarantine period.

I would like to thank everyone who supported our Easter fundraising effort. Everyone who wanted to be involved did something, from finding pictures, cutting them out, pasting, stapling, twirling ribbons, shredding paper, and filling baskets. We have discovered some creatively talented students.

The students enjoyed "paying it forward" in delivering baskets to two retirement villages (frail care) and to a preschool. I am awaiting the figures for how much money we raised.

Our fundraiser raised R4 133 profit. Thanks again everyone!

Finally, we will be closed on Monday 26<sup>th</sup> April as the 27<sup>th</sup> is a public holiday. We will be having a mid-year break.

Please feel free to contact me should you wish to discuss anything.

Warm regards

Catherine  
Centre Manager
